## Rotarians United to Stop Hunger A Thanksgiving Shared

Rotarians came together to pack 300 boxes with a Thanksgiving feast and a small card to wish the recipient an enjoyable holiday from the club. The RUSH project, headed up by Lenise Lynch and President Doug Yarboro, came together at the Mount Airy City Schools District Office. After getting an assembly line in order and a system going the boxes were stuffed in about 45 minutes. The following day frozen turkeys and fresh pumpkin pies were added to the boxes and they were sealed up and delivered by Rotarians in trucks and vans.

*Rotarians worked hard to get the meals assembled and packaged to meet the deadline for delivery Tuesday, November 26.*

## *Northern Regional Hospital*

### Chris Lumsden Talks Community Support

In September, Chris Lumsden, CEO and President of Northern Regional, spoke to Rotary about the agenda he has set for Northern Regional Hospital to best serve the patients and families of this region. He also explained how Northern is focused on providing excellent health care and being a success in this community so that the economic development the hospital provides this area is also strengthened. Chris provided a number of facts that surprised many Rotarians and helped everyone understand the impact this wonderful Hospital makes to our area.

## *Weathering the Elements*

### Meteorologist Michelle Kennedy shared her knowledge on the Real Effects of Global Warming

In October, Meteorologist Michelle Kennedy shared her background and what she has learned over the years covering the weather all over the US from caves to islands.

The effects that storms have on families has moved Michelle Kennedy after tornado disasters and other weather events to help support the efforts of Red Cross to assist communities. She stated, "You can look at a radar image and nothing prepares you for what is happening on the ground."

She spoke about the issues that we face now that global warming is causing more severe weather on a more frequent basis, and how people actually impact the climate. Science shows that we aren't doing enough, but we can help overcome the problems we face.

## *Supporting Growth*

### YESurry Underway

An exciting new program that helps young entrepreneurs develop a business in Surry County is underway. It's called YESurry.

Will Pfitzner, owner of a local company called LazerEdge, explained how this program challenges students to put their best ideas to the test and compete for cash prizes. This plus community support will help keep young energy and enthusiasm in Mount Airy. Two such students, Chase Pruett and Devin Haynes, shared how YESurry has helped their business, TechFix.I.T get off to a great start.

*Pictured below: Will Pfitzner speaks about the YESurry program. After the meeting Tom Fawcett and Greg Perkins talk shop with Devin Haynes and Chase Pruett.*

*Pictured left, Polly Long is the newest member of the club. She smiles as she received her badge. Her sponsor, Michael Barnes looks on after President Doug Yarboro reads Polly the club oath. Welcome Polly!*
